

About Compass Honors High School

Compass Honors High School's

mission is to prepare each child with a personal compass that will guide them in life's directions. We do so by developing students who are competent, confident, productive and responsible young adults who possess the habits, skills and attitudes to succeed in life and be offered the invitation of a post-secondary education and satisfying employment.

Why a IA Sports Program?

Sports support school goals of teamwork, camaraderie, creates school spirit, and rounds out a rigorous academic focus. Athletics is not the focus of this school, it compliments the learning process. All student-athletes can participate.
